Acel part number AC0373

HSS Jobber Drill Bit

Pack contains 10 x 7.0mm HSS Roll-Forged Jobber Drill Bits.

A great general purpose metal cutting drill bit, ideal for fixing holes, tapping & clearance.

Roll-Forged Flutes rapidly remove spoil for progressive drilling actions.

Ideal Performance in steel and cast materials to 580 H/mm^2.

Optimal 118° grinding processes ensure drill balance, reliable performance and hole tolerance.

The tip angle also ensures the HSS Jobber Bits are versatile for a variety of applications and materials.

Steam Tempered to improve durability.

HSS Jobbers can be used in: Steel, Non-ferrous, Wood, Plastics.

Technical Specification	
Diameter	7.0mm
Working Length	69mm
Overall Length	109mm

10-AC0373-2021-V1
