Acel part number AC0389

Split Point Drill Bit

Pack contains 10 x 5.0mm HSS Flute Ground 135° Split Point Drill Bits.

Perfect for instant start up, accuracy and durability, HSS Flute Ground Split Point Drill Bits are ideal for fixing holes, tapping & clearance and perfect for automotive maintenance, light engineering, workshops, plumbing & electrical applications.

Flute Ground for greater accuracy.

Purpose Designed 135° Angle Geometry at the end of the drill bit is perfect for drilling in sheet materials.

Split Point Design helps to centre the drill accurately and reduce wander.

Ideal Combination of 135° angle and split point design improves penetration rates for faster drilling.

HSS Flute Ground 135° Split Point Drill Bits can be used in: Steel, Non-Ferrous, Wood, Plastics.

Technical Specification	
Diameter	5.0mm
Working Length	52mm
Overall Length	86mm

10-AC0389-2021-V1
