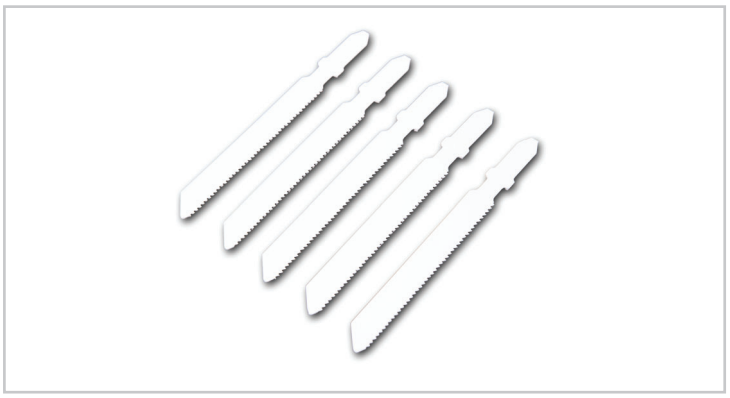
10 - Site Equipment



AC04401

Metal Jigsaw Blades 5pk

Designed with 21 TPI for a smoother cut through metal.

Blades are manufactured using HSS for durability and use in harder materials.

T-Shank fitting works with most professional jigsaws / brands: AEG / Bosch / Black & Decker / Festool / Peugeot / Hitachi / Makita / Metabo / Milwaukee.

Recommended for use in:

Ferrous or Non-Ferrous metals

Sheet metals (1.5 - 3.2mm thick) / (10 - 16 Gauge)

Copper

Aluminium

Perspex

Technical Specification	
TPI (Teeth Per Inch)	21
Overall Length mm	76mm
Working Length mm	50mm
Thickness mm	1.2mm

10-AC04401-2021-V1
