Acel part number AC0168

55mm Raking Chisel

55mm Carbide Tipped Raking Chisel.

Ideal for the ultimate performance in material removal when working in the toughest masonry & concrete.

This unique short bodied chisel incorporates a full strip of tungsten carbide on the working edge which gives extended life and progression in hard materials.

Designed for use in SDS Plus machines with roto-stop facility.

Can be used in:

Heavy duty concrete
General concrete
Hard bricks
Soft bricks
Lightweight block
Natural stone
Constructional granite
Limestone
Mortar

Tech-Tips

SDS Plus shanks should be greased prior to and during use. This reduces heat build-up which

Technical Specification	
55mm Width	150mm Overall Length
