

Acel part number AC0172

## SDS Plus 250mm Chisel

Ideal for general masonry removal work.

An everyday essential chisel, perfect for transmitting the hammer blow of SDS Plus machines .

Can be used in SDS Plus machines with roto-stop facility.

Can use in:

Heavy duty concrete, General concrete, Hard bricks, Soft bricks, Lightweight blocks, Natural stone, Constructional granite, Limestone, Mortar

### Tech-Tips

SDS Plus shanks should be greased prior to and during use. This reduces heat build-up which reduces wear on the chisel and the machine.

Prior to using chisels, please ensure your machine has the 'chisel only' function as they are designed to be used on this function only.

Technical Specification	
20mm Wide	250mm Overall Length
