AC69991

PZ3-30AL 30W flykiller

Features and benefits

PZ3-30AL

The third generation PlusZap model offers up to 35% reduction in energy consumption cost and is 20mm slimmer in design saving on space when installed. In addition, the power cable is now hardwired, improving usability. The PlusZap features staggered lamps to create efficient UV light output whilst the killing grid offers an effective catch area with easy servicing making it ideal for commercial environments.

*** Slim and discreet design**
*** Pre-installed powerful UV lamps to attract flies**
*** Robust aluminium and UV stable plastic construction**
*** Staggered lamps to create efficient UV light output**
*** Three ways to install mounting options for wall, desk or ceiling suspension**
*** Catch tray is simple to remove for quick and safe maintenance, with anti-blow out folds**
