
AC788025

Black Non-Metallic Twin wall ducting 50mm

- Manufactured from polyethylene with excellent impact resistance at low temperatures
- Long coil lengths for reduced jointing
- Factory installed polypropylene twine
- Manufactured to BS EN 61386-24:2010, Type 450N, normal duty impact resistance
- Supplied with an integral coupler

Technical Specification	
Nominal Size	50 mm
Coil Length	50 metres
Internal Diameter, ID	40mm
External Diameter, OD	50mm
Colour	Black

7-AC788025-2023-V1
