
AC788026

Black Non-Metallic Twin wall ducting 63mm

- Manufactured from polyethylene with excellent impact resistance at low temperatures
- Long coil lengths for reduced jointing
- Factory installed polypropylene twine
- Manufactured to BS EN 61386-24:2010, Type 450N, normal duty impact resistance
- Supplied with an integral coupler

Technical Specification	
Nominal Size	63 mm
Coil Length	50 metres
Internal Diameter, ID	50mm
External Diameter OD	63mm
Colour	Black

7-AC788026-2023-V1
