
AC7906

Through Box 25mm Galvanised

Features & Benefits

Allows for ease of access and installation of cables

Provision for M4 earthing screw

Suitable for 25mm Conduit

Galvanised

Corrosion Resistant (Class4)

Robust heavy gauge material to protect cables

Compatible with galvanised lids and other accessories

Standard fixing centres 50.8mm

Technical Specification	
Type	2 Way, Through
Size	25mm
Finish	Galvanised
Standards	BS EN 61386-1:2008 & BS4568
Size	Ø 65mm x 110mm L
Material	Malleable Iron

7-AC7906-2021-V1
