

## Acel part number AC0365

## HSS Jobber Drill Bit

Pack contains 10 x 3.3mm HSS Roll-Forged Jobber Drill Bits.

A great general purpose metal cutting drill bit, ideal for fixing holes, tapping & clearance.

Roll-Forged Flutes rapidly remove spoil for progressive drilling actions.

Ideal Performance in steel and cast materials to 580 H/mm<sup>2</sup>.

Optimal 118° grinding processes ensure drill balance, reliable performance and hole tolerance.

The tip angle also ensures the HSS Jobber Bits are versatile for a variety of applications and materials.

Steam Tempered to improve durability.

HSS Jobbers can be used in: Steel, Non-ferrous, Wood, Plastics.

## Technical Specification Diameter 3.3mm Working Length 36mm Overall Length 65mm Overall Length 50mm Image: Specification of the second of the second
