

## Acel part number AC0370

## HSS Jobber Drill Bit

Pack contains 10 x 5.5mm HSS Roll-Forged Jobber Drill Bits.

A great general purpose metal cutting drill bit, ideal for fixing holes, tapping & clearance.

Roll-Forged Flutes rapidly remove spoil for progressive drilling actions.

Ideal Performance in steel and cast materials to 580 H/mm<sup>2</sup>.

Optimal 118° grinding processes ensure drill balance, reliable performance and hole tolerance.

The tip angle also ensures the HSS Jobber Bits are versatile for a variety of applications and materials.

Steam Tempered to improve durability.

HSS Jobbers can be used in: Steel, Non-ferrous, Wood, Plastics.

## Technical Specification Diameter 5.5mm Working Length 57mm Overall Length 93mm Overall Length 93mm Outerall Length 93mm

## 10-AC0370-2021-V1
