

Acel part number AC0459

14 Piece Twister Drill-Drive Set

Perfect for tradesmen using impact drivers

Handy and convenient set containing popular electricians drills bits and screwdriver bits, supplied in a durable case.

All contents are Twister impact rated for impact drivers.

Perfect for on-site versatility as includes a range of key sizes, designed for use in a range of materials.

Set Includes:

50mm Mag-Bits: Strong magnetic collar locks onto the fastener, holding it firmly in place at any orientation.

Eliminates need to hold fastener giving easier start-ups and maximum user control.

One handed screw driving allows greater reach and flexibility.

Magnetic collar can be removed allowing screws to be driven below the surface if required.

Colour coded bits for easy size identification.

Twister Multi-Material Drill Bits: 1 piece design made from high quality steel for durability and optimum performance in impact drivers.

Drills through multiple materials including
