AC0737

Dust Mask

Features & Benefits:

Mask conforms to EN140, filters to A1P2

Provides effective protection against vapour and particulates found in industry

Ideal when working with substances that release VOCs like paints, solvents, resins, varnishes, lacquers, pesticides and adhesives

Twin filters assist when heavy duty manual work demands easy breathing

Technical Specification

10-AC0737-2021-V1
