

## 2 - Cable Accessories & Sundries

| Technical Specification    |                         |
|----------------------------|-------------------------|
| Aerosol T <mark>ype</mark> | Silicone Lubricant      |
| Usage                      | Multi Purpose Lubricant |
| Can Size                   | 400ml                   |
| Weight                     | 0.411kg                 |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
|                            |                         |
