

### AC23350

### Red PVC Tape (19mm x 33M)

- General purpose non-migratory plasticised insulation tape
- Made from self extinguishing flame retardant PVC
- Manufactured to comply with BS EN 60454-3
- Ideal for electrical binding, colour coding and identification
- Working temperature up to 70°C
- 19mm width tape

Technical Specification	
Colour	Red
Width (mm)	19
Length (M)	33
Tape Thickness (mm)	0.13 ± 0.01
Flammability	Self Extinguishing
Elongation Break (%)	160
Dielectric Strength (kV/mm)	40
Minimum Tensile Strength (N/Inch)	40
Breakdown Voltage (kV)	6
Temperature Rating (°C)	0 to +70

2-AC23350-2022-V1
