

AC2570

Earth Rod 3/8inx4ft C/B

Features & Benefits to go here

High Tensile Strength

Low Carbon steel Core

25microns 99.95% pure copper molecularly bonded on to steel core

Excellent Corrosion Resistance

Cold rolled threads for greater strength, corrosion resistance and preservation of copper coating

Mechanically robust

Technical Specification	
Standard of Compliance	BS 7430, BSEN 62305
Colour	Copper
Dimensions	1200mm x 9.5mm (HXW) 4ft x 5/8" (LxD)

2-AC2570-2021-V1
