

## 2 - Cable Accessories & Sundries

## AC2703

## Fixing Band

Pre-drilled perforated fixing band Can be shaped and cut to length to avoid wastage Suitable to secure cables pipes ducts and conduits

| Technical Specification      |                                 |
|------------------------------|---------------------------------|
| Colour / <mark>Finish</mark> | Galvanised                      |
| Coil Length                  | 10M                             |
| Width                        | 17mm                            |
| Fixing Hole                  | 7.0mm                           |
| Material                     | Galvanised Steel Q/BQB 420-2009 |
| Thickness                    | 0.9mm                           |
|                              |                                 |
|                              |                                 |
|                              |                                 |
|                              |                                 |
|                              |                                 |
|                              |                                 |
|                              |                                 |
|                              |                                 |
|                              |                                 |
