

### AC2770

### Tooling

Ideal for the application of heat shrinkable products

Available in both 240 and 110 volts

Supplied with reflection and heat reducing nozzles

#### Technical Specification

Voltage	110V
Output	1500 watt
Temperature Range	50-500C
Air Flow	450 l/min

**2-AC2770-2021-V1**
