

AC33810

MCB SP Type B 16A 10kA

Designed and tested for use with Lewden branded distribution boards

Thermal magnetic miniature circuit breaker

Available in B, C & D type

### Technical Specification

**Breaking Capacity: 10kA**

**Execution: DIN RAIL MOUNTING**

**Frequency: 50/60Hz**

**Poles: 1**

**Rated Current: 16A**

**Rated Operating Voltage: 230-400V~**

**Trip Curve: B**

**3-AC33810-2021-V1**
