

# AC7017

# ONEGEL Silicone Gel

## Features and benefits

**Dielectric strength 18 kV/mm**

### Pot life at 23°C min 12

**Curing time at 23°C min 20**

**Volume 300 ml**

**Colour: Transparent Clear**

**Mixing Ratio: 1**

**ONEGEL IP 68 junction box filler, 300ml  
Cartridge, no mixing required  
(mono-component silicone gel), ready for  
immediate use.**

**Ready to use, re-enterable, no mixing, excellent electrical insulation, good mechanical strenght, non toxic, no expiry date.**

## Technical Specification

[illegible]

**7-AC7017-2022-V1**
